## Reading and Resources:

Intergovernmental Panel on Climate Change <https://www.ipcc.ch/>

The IPCC was created to provide policymakers with regular scientific assessments on climate change, its implications and potential future risks, as well as to put forward adaptation and mitigation options.

The 2018 report stated that the world had 12 years to reduce greenhouse emissions by 50% to stave off worst effects of climate change.

Drawdown: The Most Comprehensive Plan ever proposed to reverse Global Warming

drawdown.org (book and website) by Paul Hawken

Our mission is to help the world reach “Drawdown” — the point in the future when levels of greenhouse gases in the atmosphere stop climbing and start to steadily decline, thereby stopping catastrophic climate change — as quickly, safely, and equitably as possible.
